

## Perimeter strip

Decreases heat loss by acting as an insulating barrier between the floor and walls when screed is poured

## Polythene DPM

For use in concrete floors to prevent upward movement of moisture

## Primer

Adhesion primer for Warmup Diffusion Plates

## Seal Adhesive

To be used with Fix Binder for gluing floor boards and for tiling ceramics

## Fix Binder

To be used with Seal Adhesive for gluing floor boards and for tiling ceramics

## Nail Clips (16mm)

For use in Warmup Silva System to fasten pipe to notch in the joist

## Foil Grid Membrane

Can be installed over insulation boards to make installation of the pipework easier as the grid markings allow the installer to correctly space the pipework

## Pins

Used to secure the foil grid membrane to insulation boards
